

# An Annual Rate that Goes Up & Up & Up *(That's three years of rate increases)*

## SmartStep Single Premium Deferred Annuity

No one knows for certain when rates will rise. If you have money sitting on the sidelines, how long will you wait for a better rate?

Consider getting your money growing with **three years of guaranteed rate increases** with **SmartStep**, a single premium deferred annuity from Western-Southern Life Assurance Company (Western & Southern Life) or National Integrity Life Insurance Company (National Integrity).

## Rate Step-up Options

- Better rates without Return of Premium Guarantee
- Good rates with Return of Premium Guarantee

Annual effective interest rates

## Our Best Rates for \$100,000+ Premium

For premiums of \$100,000+, an extra 0.20% is added to the initial rate, which continues through year four, as long as account value remains at \$100,000+. If account value falls below \$100,000, the rate will drop 0.20% the next day and cannot be reinstated.

**SmartStep** is designed for retirement income accumulation, not short term savings! An initial rate is credited in year one, then it climbs, guaranteed, for contract years two through four. Thereafter, a renewal rate is set by the company that is subject to a minimum guaranteed in the contract. Withdrawal provisions allow for some liquidity!

When will rates start rising? No one knows. Consider a rate that will go up and up and up for three years with SmartStep's guaranteed rate increases. **Call your financial representative** for more information.

<sup>1</sup> Earnings and pre-tax payments are subject to income tax at withdrawal. Withdrawals prior to age 59½ are generally subject to a 10% IRS penalty tax. Withdrawal charge, if applicable, is 7% of the account value in years 1-3, 6% in year 4, 5% in year 5, 4% in year 6 and 0% thereafter.
