An annuity is a long-term financial vehicle designed for retirement. An insurance company accepts premiums and provides future income or a lump-sum amount to the contract owner by contractual agreement. Since the GLWB rider is intended to provide a minimum guaranteed income stream, the rider may not be appropriate if you do not expect to take withdrawals. You should consult your financial professional before purchasing this rider. Consider whether the purchase of an immediate annuity or the election of an annuity benefit under a deferred annuity using current annuity rates would better suit your needs.

Product issuer **Integrity Life Insurance Company**, Cincinnati, OH, operates in DC and all states except NY. Securities offered by **Touchstone Securities, LLC**,* Cincinnati, OH. W&S Financial Group Distributors, Inc. (doing business in CA as W&S Financial Insurance Services) is an affiliated life insurance agency of the issuer. Issuer has sole financial responsibility for its products. All companies are members of Western & Southern Financial Group. *A registered broker-dealer and member FINRA/SIPC.

Payment of benefits under the annuity contract is the obligation of the insurance company issuing the annuity. Guarantees are based on issuer claims-paying ability. Product and feature availability, and benefit provisions vary by state. Contact a financial professional for details and limitations. Interest rates are declared by the issuer at annual effective rates, taking into account daily interest compounding.

If you invest through a tax-advantaged plan (e.g., IRA or 401(k) rollover), you receive no added tax advantage or deferral from an annuity. Earnings and pre-tax premium payments are subject to income tax at withdrawal. Withdrawals may be subject to charges. Withdrawals from an annuity are subject to ordinary income tax, and, if taken before age 59½ may be subject to 10% IRS penalty.
