1 Contributions are limited to the lesser of $135,000 (subject to annual cost-of-living adjustments) or 25% of the owner’s qualified account balances, less premiums for other QLACs. The $135,000 limit applies across all qualified funds. The 25% limit applies to each qualified plan separately based on its valuation date and IRAs on an aggregate basis as of the prior December 31. Eligible accounts include 401(a), 401(k), 403(b), governmental 457(b), or IRA (excluding Roth and Inherited IRAs). There are restrictions on how assets from qualified plans can be used to purchase a QLAC. Adhering to the purchase limit is the client’s responsibility. Clients should consult with their own independent legal and tax advisors prior to establishing a QLAC.

2 Joint annuitants for nonqualified contracts are not required to be spouses. Non-spouse joint annuitants are not permitted for qualified contracts.

3 The option is not tied to any outside index or indicator. Once a contract is signed, the option cannot be added or removed, as the income stream is adjusted from the start of the contract.

4 For contracts without the Return of Premium Death Benefit option, no death benefit will be paid if the annuitant and joint annuitant (if applicable) die before the Income Date. After the Income Date, if the annuitant and joint annuitant (if applicable) die, any remaining annuity benefit will be paid in accordance with the payout option selected.

5 See contract for complete details.

6 In FL and NY, only one change is permitted. In FL, the 60-month limit does not apply when changing to an earlier date.

7 A second change (if applicable) cannot be more than 30 months before or after the income date in effect.

IncomeSource Select is issued by Integrity Life Insurance Company, Cincinnati, OH, or National Integrity Life Insurance Company, Greenwich, NY. Integrity Life operates in DC and all states except NY, where National Integrity Life operates. W&S Financial Group Distributors, Inc. is an affiliated agency of the issuer. Issuer has sole financial responsibility for its products. Both companies are members of Western & Southern Financial Group.

A deferred income annuity is permanent. Owner has no access to premium, which converts to an income payout stream if at least one annuitant is alive on the Income Date. There is no cash value and the annuity can’t be surrendered. Contract terms, such as payment amount and frequency, cannot be changed, except under limited circumstances as described in the contract. A deferred income annuity should not be purchased if access may be needed to any of the premium for living expenses or other purposes. If a payout for life or two lives is selected, whether the payout received will be greater or less than the premium paid will depend on how long the annuitant(s) lives.

Payment of benefits under the annuity contract is the obligation of, and is guaranteed by, the insurance company issuing the annuity. Guarantees are based on the claims-paying ability of the insurer. Products are backed by the full financial strength of Integrity Life and National Integrity Life. Earnings and pre-tax premium payments are subject to income tax at withdrawal. Withdrawals may be subject to charges. Withdrawals from an annuity are subject to ordinary income tax and, if taken before age 59½, may be subject to a 10% IRS penalty. Neither Integrity Life, National Integrity Life or their agents offer tax advice. For specific tax information, consult your attorney or tax advisor.

Earnings and pre-tax payments are subject to income tax when received. Western & Southern member companies and their agents do not offer legal or tax advice.
