

# Count on Guarantees

## The Benefit of a Guaranteed Minimum Account Value

Guarantees. They can be important in uncertain times. The Indextra Series of products (Indextra) can help create confidence with a feature that guarantees your money will grow — the Guaranteed Minimum Account Value (GMAV).

Indextra is a single premium deferred fixed indexed annuity that earns interest based on changes in a market index, which measure how markets or parts of markets perform.

The GMAV is your premium (less any withdrawals, withdrawal charges and rider charges) multiplied by **107%** at the end of the 7th Index Year or **110%** at the end of the 10th Index Year, whichever aligns with the withdrawal charge period you select when you purchase an Indextra annuity contract. Indextra includes this feature at no separate charge.

Note: Percentages apply only to the withdrawal charge period stated. Assumes no withdrawals or rider charges.

## Guarantees are Stability You Can Count On

Choose the **guaranteed stability** you want by selecting your withdrawal charge period. Both withdrawal charge periods (of either seven or 10 years) provide an associated GMAV benefit for you.

At the end of the index year immediately following your chosen withdrawal charge period, Integrity reviews your account value. If it is less than the enhanced value shown below, Integrity **increases** it to equal that enhanced value.

Withdrawal Charge Duration	7-Year	10-Year
Guaranteed Enhancement Percentage	107%*	110%**

\*Applies to 7-year withdrawal charge period only. \*\*Applies to 10-year withdrawal charge period only.

The benefit applies one time only. Any increase goes to the fixed interest option. The account value still may fall below the GMAV in later years if interest credited is less than charges taken for riders.

Each annuity in the Indextra Series has a different set of current rates, including participation rates and interest rate caps. A financial representative may offer only one Indextra Series annuity.

*Ask your representative how you can get the guarantees you deserve with Indextra.*

Both withdrawal charge periods may not be available from all agencies. The contract with the 10-year withdrawal charge period will receive higher fixed interest rates and participation rates than those received for the 7-year withdrawal charge period.
