SmartStep is a single premium deferred annuity issued by Western-Southern Life Assurance Company (Western & Southern Life), Cincinnati, OH, or National Integrity Life Insurance Company (National Integrity), Greenwich, NY.

Issue Ages

18-89 owner and annuitant.

Return of Premium Guarantee (Optional)

The contract may be surrendered at any time (subject to a withdrawal charge through the sixth year). If the Return of Premium is chosen at time of application, Western & Southern Life and National Integrity guarantee that the cash surrender value is always at least 100% of the premium paid, adjusted for any withdrawals! The cost of the guarantee is a lower interest rate step-up in years 2-4 of the contract.

Guaranteed Interest Rates

There are four years of guaranteed rates — an initial rate followed by three years of stepped-up rates. At the end of the guarantee period, the contract is credited with an annual renewal rate.

- **Contracts with Return of Premium:** The company guarantees an annual interest rate step-up of 0.15% for the second through fourth contract years. You receive the initial rate in year 1, initial rate + 0.15% in year 2, initial rate + 0.30% in year 3 and initial rate + 0.45% in year 4.

- **Contracts without Return of Premium:** The company guarantees an annual interest rate step-up of 0.40% for the second through fourth contract years. You receive the initial rate in year 1, initial rate + 0.40% in year 2, initial rate + 0.80% in year 3 and initial rate + 1.20% in year 4.

- For premiums of $100,000+, an extra 0.20% is added to the initial rate, and will continue through year 4 as long as the account value stays above $100,000. If account value falls below $100,000, the additional interest will stop the next day and cannot be reinstated.

- The company guarantees a minimum interest rate as defined in your contract.

Retirement Plan Availability
This product may be issued as a traditional, Roth and SEP IRA, or to fund a qualified plan. This product may also be a suitable option for rollovers from other tax-qualified plans.

Access for Financial Flexibility (Free Withdrawals)
- **Contracts with Return of Premium:** Beginning immediately, up to 10% of the account value may be withdrawn each contract year.
- **Contracts without Return of Premium:**
  - For qualified contracts, up to 5% of the account value may be withdrawn each contract year.
  - For nonqualified contracts, 10% of the account value may be withdrawn in total during contract years 1-4, then 10% of the account value in each contract year 5 and 6.
- If a free withdrawal is not taken, it cannot be carried over to use in a future contract period.
- All withdrawals are $250 minimum. After withdrawals, there must be at least a minimum account value of $2,000 remaining in the account ($5,000 in NY).

Income Options for Future Security
- When you are ready to take your income (annuitize), choose scheduled income payments guaranteed to continue for a lifetime, with a 10-year period certain (single or joint). Other options may be available. Once income payments are elected, other features of the annuity, such as cash value and withdrawals, are no longer available. Income payment guarantees are backed by the claims-paying ability of Western & Southern Life or National Integrity.

No Current Taxes
- Interest earnings grow tax-deferred until withdrawn, usually at retirement age. The account value grows faster than it would in a currently taxed alternative paying the same interest rate.

Death Benefit Protection
- At the death of the owner during the deferral period, the beneficiary who survives the owner’s death receives the account value on the day the death claim is processed. Death benefit proceeds are paid directly to the beneficiary without the delay and expense of probate. No withdrawal charge applies.
