Conversation Starters:

Given my financial situation, should I choose an investment advisory service? Why or why not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education and other qualifications?

What do these qualifications mean?

IS AN INVESTMENT ADVISORY ACCOUNT RIGHT FOR YOU?

There are different ways you can receive help with your investments. You should carefully consider which types of accounts and services are right for you. Brokerage and investment advisory services and fees differ, and it is important for you to understand the differences. We are an investment adviser and provide advisory accounts and services rather than brokerage accounts and services. This document gives you a summary of the types of services we provide and fees for our services. Please ask us for more information. There are some suggested questions and conversation starters within this document.

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

We provide investment management services on both a discretionary and non-discretionary basis to retail investors. A discretionary account provides us with the authority to decide the type and amount of securities to be bought or sold in your account. You may impose reasonable restrictions on our discretionary authority, which must be provided to us in writing and accepted by us. In a non-discretionary account, we make recommendations to you but you decide what investments to buy or sell. We also provide financial planning services. Financial planning services involve us creating a written financial plan for you, which covers mutually agreed upon topics. For all investment advisory accounts, we continuously review your account and monitor cash balances and securities within your portfolio.

Our discretionary authority, is outlined in your investment management agreement. Our investment advice will cover a limited selection of investments, and include affiliated and third party mutual funds; individual securities, including but not limited to stocks, bonds, and exchange-traded funds (ETFs); and proprietary and third party private funds and structured products. Other firms could provide advice on a wider range of choices, some of which have lower costs. Additional information about our services, which include the same or equivalent information, is provided in Item 4 of our [Form ADV Part 2A brochure](#).

WHAT FEES WILL I PAY?

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce the amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Fees charged for our discretionary investment management services are charged based on a percentage of assets under management (AUM), and are generally billed quarterly in advance. Because our fee is based on the fair market value of your account, we have an incentive to recommend that you increase the level of assets in your account. When engaging us for investment management services you will incur other fees and expenses. Other fees and expenses include brokerage, custodial, and transaction fees. The mutual funds, ETF's, structured products and private funds that we select for your account will charge their own, internal fees and expenses.

Conversation Starters:

Help me understand how these fees and costs might affect my investments.

If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

Principal Amount	Annual Fee
First \$1,000,000	1.00%
Next \$4,000,000	0.75%
Additional amounts over \$5,000,000	0.50%

The minimum size for individual discretionary accounts is generally \$500,000. Discretionary account minimums and fees are negotiable.

Non-discretionary accounts are charged a flat fee, and are billed quarterly in advance. Financial planning services not connected to your investment management account(s) are typically charged a flat fee, or an hourly rate. These fees are negotiable. More detailed information about our fees and costs associated with an advisory account, is provided in Item 5 of our [Form ADV Part 2A brochure](#).

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we must act in your best interest at all times, and not put our interest ahead of yours. At the same time, the way we make money creates a conflict of interest. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Conversation Starters:

How might your conflicts of interest affect me, and how will you address them?

Conflicts arise when the firm, our affiliates, or investment professionals will benefit based on the recommendation of certain products or services. For example, we have an incentive to recommend or choose brokers and custodians that provide us with discounted or free research and other services. We also have an incentive to recommend proprietary mutual funds and proprietary private funds because our affiliates will also receive fees and compensation related to these products. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. More detailed and additional information about our conflicts of interests, is provided in Item 10 our [Form ADV Part 2A brochure](#).

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our financial professionals receive a fixed annual salary and are eligible for bonuses at the discretion of management. Some of our financial professionals may receive commissions based on the sale of proprietary products and/or third party insurance products, which presents a conflict of interest.

Conversation Starters:

As a financial professional, do you have any disciplinary history?

For what type of conduct?

DO YOU OR YOUR FINANCIAL PROFESSIONALS HAVE LEGAL OR DISCIPLINARY HISTORY?

No, neither our firm nor our financial professionals have any legal or disciplinary history. You may visit Investor.gov/CRS for a free and simple search tool to research our firm and our investment professionals and obtain educational materials about broker-dealers, investment advisers, and investing.
