Composite inception and creation date: 07/01/17. ¹2017 returns are partial-year returns, reflecting the composite inception date of 07/01/17. ²The 3-Year annualized ex-post standard deviation is calculated using monthly returns to measure the average deviations of returns from its mean. ³Dispersion is not calculated for years in which the composite contains five portfolios or less. Dispersion is calculated as the equal weighted standard deviation of quarterly returns for those portfolios held in the composite during the full measurement period. As of 12/31/2021, the Fort Washington Flexible Income Composite was renamed the Fort Washington Strategic Income Composite.

The Strategic Income strategy employs a high conviction, yield oriented investment approach coupled with sector diversification and diligent risk management resulting in attractive risk adjusted returns via high levels of income. The primary objective of Strategic Income is to produce a high level of current income with a secondary objective of capital appreciation. The strategy will invest in public fixed income, private fixed income, common stock and derivatives. The strategy will incorporate the best investment ideas available to Fort Washington, exploiting Fort Washington's core competencies of bottom up credit and structure analysis. Risk monitoring, performance measurement, and active management is a key component to achieving attractive risk adjusted returns. All fee-paying, fully discretionary portfolios, managed in the Strategic Income style, with a minimum of \$25 million under our management, are included in this composite. Effective 10/26/18, the Strategic Income fee is 0.40% for the first \$75 million and 0.35% for amounts in excess of \$75 million for separate accounts. The benchmark for this composite is the Bloomberg U.S. Aggregate Bond Index. This benchmark covers the USD-denominated, investment grade, fixed-rate, and taxable areas of the bond market. Portfolios in this composite include cash, cash equivalents, investment securities, interest and dividends. Cash is maintained, within each separately managed account segment, in accordance with our asset allocation ratio. The U.S. dollar is the base currency. The specific securities identified and described do not represent all of the securities purchased, sold, or recommended. Returns are presented gross and net of management fees and include the reinvestment of all income. Gross returns will be reduced by investment advisory fees and other expenses that may be incurred in the management of the account. Net of fee performance was calculated using the actual management fees charged. Individual portfolio returns are calculated on a daily valuation basis. Past performance is not indicative of future results. Fort Washington Investment Advisors, Inc. (Fort Washington), a wholly owned subsidiary of The Western and Southern Life Insurance Company, is a registered investment advisor and provides discretionary money management to a broad range of investors, including both institutional and individual investors. Assets under management include all portfolios managed by Fort Washington and exclude assets managed by and marketed as its Private Equity business unit. Fort Washington claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. Fort Washington has been independently verified for the periods 7/1/94 - 12/31/20. The verification reports are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request.
