Morningstar Rating™ for funds, or “star rating,” is calculated for managed products (including mutual funds, variable annuity and variable life subaccounts, exchange-traded funds, closed-end funds and separate accounts) with at least a 3 year history. Exchange-traded funds and open-ended mutual funds are considered a single population for comparative purposes. It is calculated based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a managed product's monthly excess performance, placing more emphasis on downward variations and rewarding consistent performance. The Morningstar Rating™ does not include any adjustment for sales load. The top 10% of products in each product category receive five stars, the next 22.5% receive four stars, the next 35% receive three stars, the next 22.5% receive two stars, and the bottom 10% receive one star. The Overall Morningstar Rating for a managed product is derived from a weighted average of the performance figures associated with its 3, 5 and 10 year (if applicable) Morningstar Rating metrics. The weights are: 100% 3 year rating for 36-59 months of total returns, 60% 5 year rating/40% 3 year rating for 60-119 months of total returns, and 50% 10 year rating/30% 5 year rating/20% 3 year rating for 120 or more months of total returns. While the 10 year overall star rating formula seems to give the most weight to the 10 year period, the most recent 3 year period actually has the greatest impact because it is included in all three rating periods.

Mutual fund investing involves risk. As of 06/30/2025, funds listed may have had periods of negative returns. Performance data quoted represents past performance, which is no guarantee of future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than performance data given. **For performance information current to the most recent month-end, visit [TouchstoneInvestments.com/mutual-funds](https://www.touchstoneinvestments.com/mutual-funds).** From time to time, the investment advisor may waive some fees and/or reimburse expenses, which if not waived or reimbursed, will lower performance. Performance by share class will differ due to differences in sales charges and class expenses.

The ratings for each fund are for Class Y Shares. Class Y Shares are only offered through certain broker-dealers or financial institutions that have distribution agreements with Touchstone. Please see a prospectus for complete information. Performance will vary by share class.
